

Cup Profile

Medium body, bright acidity, with flavors of caramel, green tea, melon, and tamarind

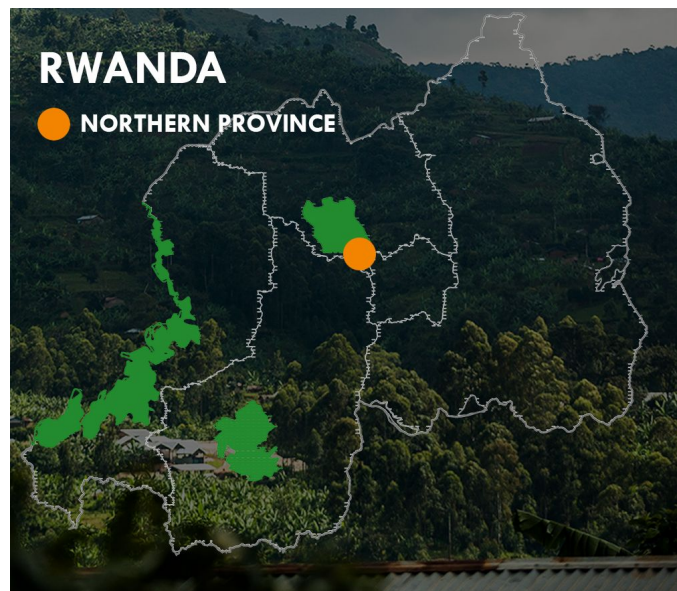

About this Coffee

Genuine Origin partnered with Kinini Coffee on our new Rwandan initiative. This coffee was produced by Kinini in conjunction with 363 small holders from the communities of Taba, Burega Sector, Cooperative Abukamu, Mafene, Gahabwa Cell, Tumba, and Cooperative Kotwiduga. The farmers were paid a living wage to cultivate our new Rwanda Coffees. Through this partnership we hope to give these farmers access to our global supply chain and improve their lives.

In 2013, with the help of Kinini, the farmers began planting coffee seedlings. Five years later their farms are viable. They have a cash crop that will help them to rise out of poverty. Additionally, 10% of the profits from this coffee to Kinini's charity in Musenyi that helps to improve the lives of the villagers and the most vulnerable orphans and widows.
