

# Colombia Finca La Riviera

## Rume Sudan Natural

### About the Coffee

Finca La Riviera farm is an idyllic 25 hectare farm in the village of La Estrella, Santa Rosa de Cabal municipality in the Risaralda department.

Julio Cesar Madrid Tisnés, the owner of La Riviera, has become synonymous with quality. He specializes in producing varieties such as Gesha, Java, Rume Sudan, Maragogype, Bourbon (red, pink, yellow), Moka and Laurina.

This lot was processed as a Natural coffee. After being picked, the coffee cherries were transferred to a tank for several hours. Following, they were packed into polypropylene bags at a controlled temperature with restricted oxygen. In the last stage of the process, the cherries were dried in the sun.

This rare coffee offers a unique and highly complex arrangement of floral flavors. Roasters will note ginger, lavender and cardamom with a bright mandarin-orange acidity.

**Producer:** Finca La Riviera, Julio Cesar Madrid Tisnés
